HOUSE OF DIAGNOSTICS INAUGURATES ITS STATE-OF-THE-ART DIAGNOSTIC CENTRE IN ROHINI

Highlights

- ❖ Sixth Integrated facility in Delhi-NCR
- ❖ Located in Prashant Vihar, near Rohini
- ❖ Pathology, Nuclear Medicine & Radiology services like 3T MRI, PET/CT Scan, Ultrasound & more

Delhi, October 28, 2019: House of Diagnostics (HOD), a renowned name in the field of diagnostics and pathology sector, today announced the opening of its 6th Integrated Centre in Delhi-NCR. The newly opened facility in [Rohini](#) comes with an extensive catalogue of tests. It offers services like the latest 3T MRI scan, CT scan, whole-body PET-CT scan, digital X-ray, echocardiography, TMT, ECG, digital mammography, blood tests, along with a range of cardiology and neurology tests, all under one roof.

On it's inauguration, **Dr Shubham Sogani, CEO of House of Diagnostics**, said,

"Our Prashant Vihar centre is equipped with state-of-the-art diagnostic machines and offers the most comprehensive range of tests. Our centre is staffed with highly skilled and qualified pathologists, technicians, and doctors who give extreme importance to quality and timely reporting. Our Prashant Vihar centre reiterates our commitment to bring quality and value-priced services right at the doorstep of Delhi residents."

HOD is focused on providing safe and patient-centric diagnostic and pathology facilities in a secure environment. By leveraging technology and maintaining the highest quality standards, HOD ensures that affordable services reach to one and all.

The new facility offers advance technology like Low Dose CT scanner with less ionizing radiation along with quality images to detect even the smallest of abnormalities. The latest 3.0 Tesla MRI at this facility ensures multi sequencing advanced detailing and precision in imaging. The advance feature of the MRI is an added benefit for claustrophobic and anxious patients. It provides an in-bore audio entertainment system during the scan for patients comfort and convenience and unique technology of 'Quiet MRI' helps in reducing their stress and anxiety as well.

HOD follows a strict quality control system at the Rohini centre to ensure that there is compliance with standard processes. Safe diagnostic and collection practices are ensured for quick, reliable, accurate and consistent results for all patients.

About HOD

HOD is a young, dynamic, and rapidly growing integrated medical diagnostic service provider, making a positive impact in India's healthcare sector. With a vision to be a pan-India healthcare player, the company is currently managing its operations in Delhi-NCR, with plans to expand rapidly in other parts of the country. HOD has 10 Integrated Service Centres providing radiology, pathology and nuclear medicine services, and a footprint spanning over 100+ blood collection centres across the national capital region. HOD is committed to service people with reliable and quality diagnostic and pathology services using the latest state-of-the-art technology supported by strict internal and external quality assessments and controls.
