HOUSE OF DIAGNOSTICS INAUGURATES ITS STATE-OF-THE-ART DIAGNOSTIC CENTRE IN RAJOURI GARDEN

Highlights

- ❖ Seventh Integrated facility in Delhi-NCR
- ❖ Located in Vishal Enclave, Rajouri Garden
- ❖ Pathology, Nuclear Medicine & Radiology services like 3T MRI, PET/CT Scan, Ultrasound & more

Delhi, November 20, 2020: House of Diagnostics (HOD), a leading name in the field of diagnostics and pathology, has opened its 7th Integrated Centre at [Rajouri Garden](#) in Delhi. The new facility offers a vast catalogue of all the major diagnostic and pathology tests including a 3T MRI scan, low-dose CT scan, X-Ray, Ultrasound, Blood Tests, along with a range of cardiology and neurology tests, all under one roof.

On its inauguration, **Dr Shubham Sogani, CEO of House of Diagnostics**, said,

“Our new facility in Rajouri Garden is equipped with advanced diagnostics machines which ensures high-quality testing for patients. The centre will act as a hub for all the West Delhi residents who now do not need to travel a long distance for the latest diagnostics and pathology services. Our centre is staffed with highly skilled and qualified pathologists, technicians, and doctors who give extreme importance to quality and timely reporting. Our new facility reiterates our commitment to bring quality and value-priced services right at the doorstep of the residents of Delhi-NCR.”

HOD is focused on providing safe and patient-centric diagnostic and pathology facilities in a secure environment. By leveraging technology and maintaining the highest quality standards, HOD ensures that affordable services reach to one and all.

The new facility offers advance technology like Low Dose CT scanner with less ionizing radiation along with quality images to detect even the smallest of abnormalities. In addition to the 3 Tesla MRI at Rajouri Garden the centre also offers an Open MRI Scan for the brain, joints and spine imaging. This technology is a boon for claustrophobic and anxious patients as it is less enclosed than a conventional MRI.

At the Rajouri Garden centre, like other centres, we follow a strict quality system to ensure that there is compliance with standard processes. Safe diagnostic and collection practices are ensured for quick, reliable, accurate and consistent results for all patients.

About HOD

HOD is a young, dynamic, and rapidly growing integrated medical diagnostic service provider, making a positive impact in India's healthcare sector. The company offers services such as Diagnostics, Pathology and Nuclear Medicine – all under one roof. Some of these facilities include 3T MRI, CT scan, PET-CT, Ultrasound, X-Ray, Mammography and DEXA, along with a vast range of blood tests. With a vision to be a pan-India healthcare player, the company is currently managing its operations in Delhi-NCR, with plans to expand rapidly in other parts of the country. HOD is committed to serve people with reliable and quality diagnostic and pathology services using the latest state-of-the-art technology supported by strict internal and external quality assessments and controls.
